Re: Convergent Media Solutions LLC Patent Portfolio

Dear Counsel:

Convergent Media Solutions LLC ("Convergent") is the owner of a patent portfolio developed by Richard Reisman. The portfolio includes numerous patents and patent applications drawn to, among other things, convergent media functionality. I have included as Exhibit A to this letter a list identifying patents and patent applications included in the Convergent patent portfolio.

Convergent believes that AT&T may be interested in acquiring or licensing the Convergent patent portfolio. To facilitate AT&T's review, I have included with this letter copies of several patents¹ (Exhibits B1-D1) that Convergent believes are particularly relevant to AT&T's current systems and services, as well as representative claim charts (Exhibits B2-D2) that illustrate how AT&T systems and services utilize the patented technology.

Please let me know if AT&T is interested scheduling a meeting with Mr. Reisman and me to discuss the Convergent patent portfolio. If so, we are generally

¹ U.S. Patent Nos. 8,850,507; 8,914,840; and 8,640,183.

Mr. D. Wayne Watts

available to meet in late June / early July. I will be traveling for the next few weeks, so e-mail (dwhite@si-solutions.co) is the best way to reach me.

Sincerely,

A handwritten signature in blue ink, consisting of a stylized 'D' followed by a series of loops and a final horizontal stroke.

David White
